FOR IMMEDIATE RELEASE

NYC BUILDS BIO+ ADDS INDUSTRY VETERAN JOE BOLANO OF COLLIERS PROJECT LEADERS TO CHAIR HEALTHCARE SUBCOMMITTEE

NEW YORK – November 19, 2019 – Colliers Project Leaders | USA is pleased to announce the appointment of **Joe Bolano** as the chair to the **NYC Builds Bio+** Healthcare Sub-Committee. Bolano, who was recently appointed as the Managing Director of Colliers Project Leaders' New York office, leads the Healthcare and Life Sciences practice throughout the Northeast. Bolano will look to leverage his nearly 40 years of experience in the healthcare construction and real estate sector to grow the presence of NYC Builds Bio+ and develop New York City's life sciences sector.

"Joe's diversified expertise and deep experience in the industry will be an invaluable asset to our organization as we help develop New York's ascendant life science cluster," said Nancy J Kelley, a member of the Steering Committee of NYC Builds Bio+ and President & CEO of Nancy J Kelley + Associates.

Bolano brings with him a proven track record of successful and long-standing client relationships in the New York area healthcare market. His unrivaled knowledge of the region's market will be invaluable as Builds Bio+ continues to expand its presence.

"I'm excited to join the Builds Bio+ team and help them to continue their promotion of New York's life sciences sector," said Bolano. "This is a great organization that creates real estate opportunities that benefit this city and the wider public with innovative projects tackling the most pressing health issues today."

About NYC Builds Bio+

Launched in 2018, NYC Builds Bio+ connects commercial life science opportunities to New York City's real estate development community through events, research, reports and educational programs. A membership-driven organization, NYC Builds Bio+ is a nonprofit organization dedicated to bringing New York City's real estate and life sciences community together, serving as the go-to place to find information about and assistance with growing, building and locating life science companies in New York City.
